

RHEOLOGY MODIFIERS

Grade	Chemical Description	Physical Form	Flash Point	Use Level (phr.)	Applications
Librheo -101	Oleochemical Derivative	Liquid	250	1.0-1.5	High loading pigment masterbatches, wax based (moc) masterbatches, filler filled antifab masterbatches, thermo plastic compounds.
Librheo -102	Oleochemical Derivative	Liquid	300	0.5-1.0	High loading pigment masterbatches, reprocess polymers, filled compounds (PPGF, PPTF, NYLON GF etc.) wax based (moc) masterbatches, filler filled antifab masterbatches, thermo plastic compounds.
